

SL 20M

STYLISH SPHERICAL LOUDSPEAKERS WITH LINE TRANSFORMER

The SL 20M is an omnidirectional speaker designed for applications that require uniform and wide sound distribution. It's simple, modern design complements contemporary interiors. The speaker provides excellent sound dispersion, a smooth frequency response, and carefully controlled performance—making it well-suited for challenging acoustic environments, especially in rooms with high ceilings. For added safety, the hanging cable includes an integrated wire rope.
